Capture those moments

Print out the film strip on white card.
Print out the choice of camera on white card and laminate.
Cut out the camera and then cut along the dotted line. An adult might be best doing this with a craft knife.
The film strip will slot in as shown when the pictures have been drawn.

Ideas
Capture as many emotions as you can.
Capture your family members.
Capture your friends.
Capture things that make you happy.
Capture things that make you sad.
Capture things that make you angry.
Capture things that make you feel relaxed.
Capture memories of Primary school for transition
Capture memories of loved one

AND for Mother's day
Capture memories of my mum

There are obviously lots more things you could do such as capturing holiday memories after a holiday. Christmas memories, Birthday memories and so on.
