Instructions

Please do not print the first 3 pages of this file.

Each puzzle consists of two pages printed back to back. Once you have printed them back to back please cut along the dotted lines to make a puzzle consisting of 6 pieces. Give the child a die and they throw a number. They then pick that piece of the puzzle and answer the question on the back. Once answered they can keep that puzzle piece. See if they can get all six pieces to make their puzzle picture.
